**NOTE:** The School's financial performance information has been provided to the Australian Charities and Not-for-profits Commission (ACNC) and will be available for the community to access from their website at [www.acnc.gov.au](http://www.acnc.gov.au)

Inspired by the Gospels and in the spirit of St. Mary MacKillop, we never see a need without taking action.

We live and celebrate our Catholic faith.

In and through positive relationships, we aspire to protect all children under our care, prioritising their safety and wellbeing

We learn to be, to know, to do, to live together and to change.

We are a community of lifelong learners.

St Mary MacKillop Primary School (SMMPS) was established in 1983 on the site of Sacred Heart School in St. Albans. In 1984, it moved to its present site in Keilor Downs, then a new and rapidly expanding suburb in the outer north-west of Melbourne.

2020 saw an enrolment of 577 students of whom 49.6% come from a language background other than English. The cultural and ethnic diversity of SMMPS is greatly valued and is drawn from over fifty different nationalities.

## Goals & Intended Outcomes

**GOAL: To further discover the richness of our Catholic community, inspired by the spirit of St. Mary MacKillop.**

**Intended**

That the Religious Dimension of the school supports staff and students to seek to understand the Catholic faith and traditions.

**Outcome:**

## Achievements

The COVID year of 2020, greatly impacted the way that we worshipped and celebrated as a school and parish community. It really clarified that, what is central to our Catholic faith, is the community coming together to pray, celebrate and give thanks. In light of these significant challenges, as a school, we worked in creative ways to continue to nurture the faith development of our students and our community through providing engaging learning opportunities in a remote learning context.

We made links with the parish where families were able to engage in weekly Sunday mass available online.

We ensured staff prayer reflections were shared before each staff meeting on Google meets.

Daily prayer for all students live-streamed by teachers via Google meets.

Inviting Bishop Mark Edwards to answer questions from Yr 2 students via Google meets.

Live-streaming our Confirmation and Graduation ceremonies.

Creating video resources to support the learning and teaching of Religious Education.

Keeping connected with families by uploading to Seesaw all resources created for parents to access and use.

## Goals & Intended Outcomes

**To build student capacity to manage their physical and social emotional wellbeing. That students are resilient, relational and self-regulating.**

## Achievements

Continued development of the provision and documentation of adjustments to learning for students with specific needs using the National Consistent Collection of Data (NCCD).

Further embedding of matrix elements into classroom practices - School Wide Positive Behaviour Support.

A continued focus for staff utilising the Personal and Social Capabilities - Vic Curriculum.

Social Emotional Learning continues as a focus -

Online/telephone support was made available to families and staff to discuss needs, how they were managing. Calls were made to individual students to assist when the situation became challenging.

Wellness Wednesdays were initiated to provide students with activities to engage in outdoor or non - classroom related learning. This initiative gave students activities in Art, Physical health (exercise and skills), games to play solo and with family members and ways to care for self during lockdown. An additional benefit was that it gave students 'off screen' time so they could take exercise and contact their friends digitally.

Upon return from lockdown in September /October a two-week period of 're-engaging' and rebuilding the class community and school community physically was instituted.

Children must be signed in and out b/w 9.00am and 3.15pm.

Teachers report extend absences to leadership.

An Extended Leave Form must be completed by the pa( )-DC q72.384 572.11 464.71 1

## Goals & Intended Outcomes

### **Goal :To build strong partnerships for learning**

**Intended Outcome:** That the school community will work together in partnership for improved student outcomes

## Achievements

In many ways, the implications of COVID and the subsequent lock-downs have impacted on our initial plans to build strong partnerships for learning. In saying that though, the school community worked exceptionally well in partnership for improved student learning. With the sudden advent of remote learning, teachers had to revisit pedagogy and very quickly parents and staff realised that we would need to work in partnership to ensure the students engaged in their learning.

Our parent community have shown great patience as the school moved into this brave new world where Remote Learning happened. We listened to each other as we worked it out together. SMMPS is grateful for the respectful and constructive feedback we received. We acted on that feedback and implemented changes as we moved forward. We were all learning together, and we recognised that parents and/or carers, were the persons managing and supporting their children, as they learnt at home. This was an authentic partnership.

Feedback received from parents through emails and in person was positive and affirming of our efforts. This feedback was also provided by the parents of essential workers who needed to bring their children to school. They appreciated our generosity of spirit and our care for their children whilst they needed to work. Parents also commented on our care for their children's mental health and wellbeing.

Other initiatives included:

- Online professional learning for Learning Support Officers.

- School Leaders meeting weekly to ensure continued and visible leadership.

- Teacher and Principal meetings to provide support, affirmation and direction.

- Online Parent/Teacher Conversations to ensure ongoing the ongoing partnership with the home.
